SIAC Securities Industry Automation Corporation
11 Wall Street, New York, NY 10005

March 4, 2026

TO: OPRA Multicast Data Subscribers

SUBJECT: OPRA System Hardware Upgrade - **Activation Date: Monday, September 21, 2026**

What You Should Know

SIAC will be upgrading the OPRA Pillar platform to next generation hardware. <mark>The targeted activation date for this upgrade will be Monday, September 21, 2026.</mark>

What is Changing?

- <mark>Although this upgrade does not impact the multicast feed, the OPRA SIP will be offering industry test opportunities for this change.</mark>

Testing Opportunities and Activation

- <mark>Industry Test #1: Saturday, August 8, 2026</mark>
- <mark>Industry Test #2: Saturday, August 22, 2026</mark>
- <mark>Confidence Test: Saturday, September 19, 2026</mark>
- <mark>**Activation: Monday, September 21, 2026**</mark>

Test Registration

- Each OPRA Data Subscriber participating in the test should register at CTA-OPRA-Support@siac.com.

Data Subscribers who receive OPRA from connectivity service providers other than ICE Global Network (IGN) or the NMS Network must contact their connectivity service providers to coordinate testing.
